

About How Many Stickers?

Members of the Sticker Club gave away some of their stickers.

Each subtraction problem shows how many stickers a member had and how many stickers the member gave away.

Estimate. Draw lines to match the subtraction problems to the club members.

Keith has
about 0
stickers left.

Jake has
about 10
stickers left.

Lee has
about 20
stickers left.

José has
about 30
stickers left.

$$80 - 27$$

$$71 - 48$$

$$83 - 49$$

$$67 - 59$$

$$81 - 39$$

$$92 - 29$$

$$84 - 78$$

$$83 - 11$$

Kara has
about 40
stickers left.

Sari has
about 50
stickers left.

Ben has
about 60
stickers left.

Mei has
about 70
stickers left.
