

Tens and Ones

You can write a number in different ways.
Use tens and ones blocks to show.

$$2 \text{ tens } 4 \text{ ones} = \underline{24}$$

$$20 + 4 = \underline{24}$$

$$\underline{24} \text{ in all}$$

tens	ones
	

Use tens and ones blocks to show.
Then write the number.

1.

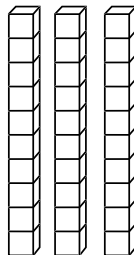

tens	ones
	

$$1 \text{ ten } 5 \text{ ones} = \underline{\hspace{2cm}}$$

$$10 + 5 = \underline{\hspace{2cm}}$$

$$\underline{\hspace{2cm}} \text{ in all}$$

2.

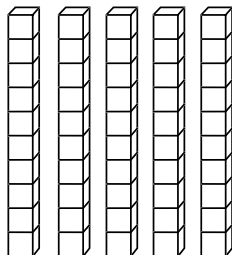

tens	ones
	

$$3 \text{ tens } 2 \text{ ones} = \underline{\hspace{2cm}}$$

$$30 + 2 = \underline{\hspace{2cm}}$$

$$\underline{\hspace{2cm}} \text{ in all}$$

3.

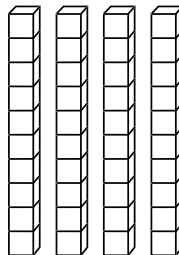

tens	ones
	

$$5 \text{ tens } 0 \text{ ones} = \underline{\hspace{2cm}}$$

$$50 + 0 = \underline{\hspace{2cm}}$$

$$\underline{\hspace{2cm}} \text{ in all}$$

4.

tens	ones
	

$$4 \text{ tens } 5 \text{ ones} = \underline{\hspace{2cm}}$$

$$40 + 5 = \underline{\hspace{2cm}}$$

$$\underline{\hspace{2cm}} \text{ in all}$$

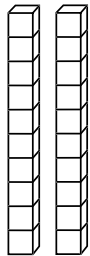

Tens and Ones

Use tens and ones blocks to show.

$$2 \text{ tens } 4 \text{ ones} = \underline{24}$$

$$20 + 4 = \underline{24}$$

$$\underline{24} \text{ in all}$$

tens	ones
	

Use tens and ones blocks to show.
Then write the number.

1.

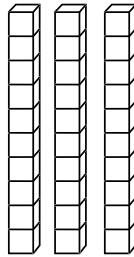

tens	ones
	

$$1 \text{ ten } 5 \text{ ones} = \underline{15}$$

$$10 + 5 = \underline{15}$$

$$\underline{15} \text{ in all}$$

2.

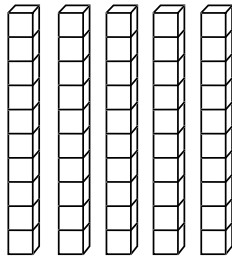

tens	ones
	

$$3 \text{ tens } 2 \text{ ones} = \underline{32}$$

$$30 + 2 = \underline{32}$$

$$\underline{32} \text{ in all}$$

3.

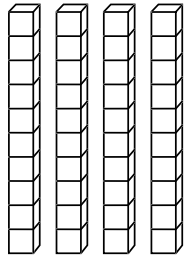

tens	ones
	

$$5 \text{ tens } 0 \text{ ones} = \underline{50}$$

$$50 + 0 = \underline{50}$$

$$\underline{50} \text{ in all}$$

4.

tens	ones
	

$$4 \text{ tens } 5 \text{ ones} = \underline{45}$$

$$40 + 5 = \underline{45}$$

$$\underline{45} \text{ in all}$$
