

Algebra: Different Ways to Show Numbers

There are different ways to show 26.

| | | | |
|---------------|----------|--|---|
| 2 tens 6 ones | $20 + 6$ |  |  |
|---------------|----------|--|---|

Circle the way to show each number.

1.

42

4 tens 2 ones

$30 + 2$

2.

24

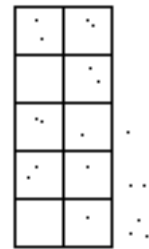

4 tens 2 ones

$20 + 4$

3.

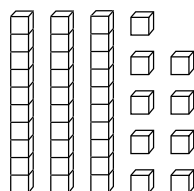

13

$1 + 3$

4.

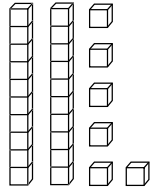

39

$90 + 4$
